STATE CLEARINGHOUSE

NEWSLETTER

October 16 through 31, 2003

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **October 16 through 31.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse.html#clearinghouse

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Associate Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

DATE: MAY 15, 2003
TO: ALL CEQA LEAD AGENCIES
FROM: TERRY ROBERTS, STATE CLEARINGHOUSE
RE: ACKNOWLEDGEMENT LETTERS FOR CEQA DOCUMENT SUBMITTALS

Due to recent budget cuts we are no longer able to provide written acknowledgement of the receipt of your Environmental Impact Report or Negative Declaration for state review. We will discontinue this service effective June 1, 2003. You may call the State Clearinghouse at (916) 445-0613 to request verbal confirmation, or access that information by visiting our CEQAnet database at www.ceqanet.ca.gov. We apologize for any inconvenience this may cause you.

The State Clearinghouse will continue to provide a closing letter with any state comments on the date following the close of the review period.

ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE 1999 through 2002

	NOP	EIR	ND/MND	NOD	NOE	EA	EIS	OTHER	DOCUMENT TOTAL	Total Projects
1999	602	481	2007	1808	2699	41	22	177	7,837	6,715

2002	648 (5%)	546 (4%)	2675 (20%)	3115 (24%)	5738 (43%)	66 (0.5%)	14 (0.1%)	409 (3%)	13,211 (100%)	---

KEY:

NOP	Notice of Preparation
EIR	Draft Environmental Impact Report
ND/MND	Negative Declaration/Mitigated Negative Declaration
NOD	Notice of Determination
NOE	Notice of Exemption
EA	Environmental Assessment (federal)
EIS	Environmental Impact Statement (federal)
OTHER	Other types including Final EIRs, Early Consultation, etc.

NOTES:

Percentages in parenthesis indicate the percentage of total documents for calendar year 2002.

There are more Total Documents than Total Projects because there are often multiple environmental documents filed for any individual project.

CEQA & Planning Case Law

Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

No Cases have been selected for the period of October 16-31, 2003.

Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.

CEQA Documents

Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Thursday, October 16, 2003</u>			
2003101087	Conditional Use Permit Application No. C-03-193 Fresno, City of --Fresno Conditional Use Permit Application No. C-03-193 is a request to install a tertiary wastewater treatment facility and effluent disposal system to serve the 760+/- acre Copper River Ranch project area bounded generally by Friant Road, Copper Avenue, Willow Avenue, and Silaxo Avenue alignment.	CON	11/04/2003
2003012017	Morgan Ranch West Project Grass Valley, City of Grass Valley--Nevada Amend the sphere of influence, annex 17.7 acres, Amend the General Plan to Low Density Residential, Amend the Morgan Ranch Specific Plan, Subdivide the 17.7 acres into 25 residential lots and one 8.13 acre open space parcel.	EIR	12/01/2003
2003041142	55th Way Park Long Beach City Planning Commission Long Beach--Los Angeles Conversion of an approximately 5.5 acre vacant, undeveloped, former landfill site to recreational and open space uses.	EIR	12/01/2003
2003041160	Pitas Point Odorant Station Consolidation Carpinteria, City of Carpinteria--Santa Barbara The proposed consolidation of the two gas odorant stations involves: - Shutdown and removal of the odorant equipment - Construction of a new 6-inch pipeline to reroute the gas - Construction of a new 2-inch pipeline to return gas liquids - Removing the existing 1,200-gallon odorant tank - Installing a new 1,000-gallon odorant tank - Constructing a new 8-foot tall wall - Piping modifications and installing new equipment.	EIR	12/01/2003
2001082025	Fremont Mews/CADA Site 13 Project Capitol Area Development Authority Sacramento--Sacramento The Proposed Project consists of 119 residential units, and a community garden.	NOP	11/14/2003
2003101084	CHASS Instruction & Research Facility, UCR #950377 University of California, Riverside Riverside--Riverside The proposed project is a four-story building containing general assignment classrooms, dry instructional and class labs, and office and administrative space for three departments and eight programs within the College of Humanities, Arts, and Social Sciences.	Neg	11/14/2003
2003101085	Specific Plan - Waste Disposal Inc. Site Santa Fe Springs, City of Santa Fe Springs--Los Angeles The proposed project involves the development of a specific plan to guide the redevelopment of a federally designated Superfund site known generally as the Waste Disposal, Inc. Site ("The Site," or "the WDI Site").	Neg	11/14/2003

CEQA Daily Log

Documents Received during the Period: 10/16/2003 - 10/31/2003

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Thursday, October 16, 2003</u>			
2003102076	Wireless Communication Facility at Humboldt State University California State University Trustees Arcata--Humboldt A four-carrier wireless communication facility consisting of a 160-foot tall steel monopole for the antennas and an electronic communications equipment building at the base of the pole.	Neg	11/14/2003
2002071126	Bowden Ranch Development San Luis Obispo, City of San Luis Obispo--San Luis Obispo Development of a vacant, 40-acre within City limits into 23 lots for single-family residential development and one 27-acre open-space lot, with associated road and utility improvements.	NOD	
2002101018	Fountain Valley Regional Hospital Expansion Fountain Valley, City of Fountain Valley--Orange The project includes a Specific Plan Amendment, Precise Plan, and a Development Agreement to permit the demolition of the existing utility yard, a one-story maintenance facility and a portion of an existing parking area to allow the construction of a 128,000 square feet six-story building adjacent to the main hospital building. The proposed six-story building is planned for a total of 156 licensed beds, which will be composed of 88 relocated beds from the main hospital and 68 new licensed beds. An existing 2-acre parcel adjacent to Euclid Street will be developed to provide 266 new parking spaces. A Specific Plan Amendment is proposed to increase the allowable height limit, allowable Floor-Area-Ratios, and revise on-site parking and circulation layout.	NOD	
2003012079	Navarro River Watershed Permit Coordination Program Regional Water Quality Control Board, Region 1 (North Coast), Santa Rosa Booneville--Mendocino The project bank stabilization of Robinson Creek, tributary to the Navarro River, Booneville, California. The project is enrolled in the Navarro Watershed Partners in Restoration Permit Coordination Program. SAA #1600-2003-0437-3	NOD	
2003022140	Claremont Corridor Seismic Improvement Project East Bay Municipal Utility District Orinda, Oakland, Berkeley--Alameda, Contra Costa EBMUD is pursuing development of a project to address seismic improvements for its existing Claremont Tunnel, which crosses the active Hayward fault. The Claremont Tunnel delivers up to 175 million gallons per day of treated water to EBMUD customers west of the Oakland/Berkeley Hills. In a large-magnitude earthquake on the Hayward fault, the Tunnel is expected to be severely damaged by fault offset and groundshaking. The purpose of the project is to ensure that sufficient water is available to customers served by the Claremont Tunnel following an earthquake. EBMUD is currently considering a number of alternatives to serve this purpose, including upgrading the existing Tunnel and reinforcing the Tunnel liner, constructing a bypass tunnel at the Hayward fault crossing, constructing a new tunnel, constructing a new pipeline, or constructing a combination of these elements. <u>Documents Received on Thursday, October 16, 2003</u>			
2003061073	Whittwood Mall Specific Plan Whittier, City of Whittier--Los Angeles The proposed project involves the adoption and subsequent implementation of a Specific Plan for the 66.4-acre parcel currently occupied by the Whittwood Mall. The proposed Whittwood Town Center Specific Plan will not, by itself, lead to any physical changes in the environment. The Specific Plan will indicate the location and extent of future development and infrastructure permitted within the 66.4-acre site.	NOD	
2003081036	2003 Housing Element Update Morro Bay, City of Morro Bay--San Luis Obispo The project involves a City initiated General Plan Amendment to update the City's Housing Element as required by state law. The Housing Element update would potentially allow up to 736 new units at full buildout of the City. This new development would occur on existing vacant lots or land under the existing zoning. The proposed plan is intended to provide a range of housing types to meet the needs of all members of the community.	NOD	
2003081084	Madera High School South Campus Revised Master Site Plan and Site Addition Project Madera Unified School District Madera--Madera The project encompasses the addition of a 40-acre parcel to the Madera High School South Campus, the adoption of a revised Master Site Plan covering the entire campus, and the development and operation of the campus in accordance with the revised Master Site Plan.	NOD	
2003082022	Chalone/Suscol Springs South Vineyard Conversion Projects #99485-ECPA and #03081-ECPA Napa County Napa--Napa Development of approximately 75 (gross) acres of vineyards on slopes ranging from 0-32% within two adjacent holdings, one of 160 acres (Chalone Wine Group Ltd) and one of 329 acres (Napa Wine Estates). The project applicants have prepared Erosion Control Plans (ECP) as required by Napa County Code (Chapter 18 108, "Conservation Regulations").	NOD	
2003091027	Comprehensive High School #6 Kern Union High School District Bakersfield--Kern Construction and operation of a new high school to serve the northwest Bakersfield area. To be located on a 62-acre site at the southwest corner of Allen Road and Kratzmeyer Road, the new high school will provide classroom space for a maximum of 2,160 students. Approximately 640 student parking spaces, and 230 staff/vistor spaces will be provided.	NOD	
2003109041	Agreement No. R4-2003-0073/ Cache Creek/Unnamed Drainage Fish & Game #4 --Kern Caltrans proposes to 1) remove four existing 42-inch arch culverts from Cache Creek, remove an existing low water crossing, construct two, 47-inch arch culverts from Cache Creek, remove an existing low water crossing, construct two, 47-meter long, single span bridges to carry north bound and south bound traffic, modify	NOD

	Cache Creek by channel grading approximately 3,000 feet upstream of SR 14 centerline, and install Rock Slope Protection (RSP) and 2) remove two existing 18-inch culverts from the unnamed drainage, construct three, 14-foot by 12-foot box culverts, modify the drainage by channel grading and install RSP.		
2003108248	Regional General Permit 63, Emergencies (Corps RGP 63 [#995007000 - BAH]) State Water Resources Control Board, Division of Water Quality -- The State Board issued a CWA 401 certification action (Enclosure A) on the Corps LA District's proposal to re-issue RGP 63 for repair and protection activities in emergency situations.	NOE	
2003108249	SRJC - 1652 Mendocino Avenue Prking Lot Project Santa Rosa Junior College District Santa Rosa--Sonoma Improvements to a vacant lot (formerly used for commercial purposes) for construction of a 65-space parking lot to serve the Santa Rosa Junior College. The parking lot will meet existing parking needs for the campus. The lot will be lighted for nighttime use. Parking permits will be required for all users.	NOE	
2003108250	Pauline McIntosh, Trustee for Kunst Family Trust Fish & Game #3 San Anselmo--Marin Protect an eroding section of the bank of San Anselmo Creek by constructing approximately 35 feet of subsurface reinforced concrete retaining wall along the stream bank above water level. The wall will be constructed to approximately the height of ordinary high water. Above the concrete wall, the bank will be stabilized with a gabion basket wall. The proposed project is necessary to prevent the loss of a house located immediately above the eroding bank. SAA #1600-2003-5008-3.	NOE	
2003108251	River Road at Rio Nido Bank Repair Project Fish & Game #3 --Sonoma Repair a bank failure along the Russian. The bank failure is threatening to undermine a section of River Road. The bank failure is about 90 feet wide. An undermined house at this site has already been removed to prevent its collapse into the river. The applicant proposes to place rock rip-rap in a series of lifts backfilled with onsite sediment excavated to create the footing for the rock. The lower lift will include a keyway placed about 30 feet up the bank from the edge of water.	NOE	
2003108252	ConocoPhillips Pipeline Repair Fish & Game #3 Arroyo Grande--San Luis Obispo The proposed project would remove approximately 40 feet from each pipe where the pipe crosses the stream. Issuance of a Streambed Alteration Agreement Number R3-2002-0999 pursuant to Fish and Game Code Section 1603.	NOE	
2003108253	Helmer Single Family Home Fish & Game #3 Calistoga--Napa In conjunction with the building of a single family home and access road, the Operator proposes to remove 4 culverts and replace 2 culverts in an unnamed tributary to Napa River.	NOE

2003102095	RD 2035 Fish Screen Diversion Project Reclamation District 2035 --Yolo The proposed project/action includes the construction & operation of a 400 cubic feet per second (CFS) land-side pump station & screened intake facility on the west bank of the Sacramento River, just north of I-5 Vietnam Veterans Memorial Bridge. The purpose of the facility is to replace the existing 400 cfs unscreened diversion facility in order to meet anadromous fish regulations while continuing sufficient flows for irrigation & waterfowl management. The existing pump station cannot be retrofitted to meet current fish screen design standards that have been developed by NOAA Fisheries (formerly the National Marine Fisheries Service, 1997) & the California Department of Fish & Game (CDFG, 1997). The new pump station will be sited at RD2035's main canal & will be connected to the new flat-plate screened intake via pipes through the levee. The design of the facility incorporates industry standard design techniques & best management practices for construction activities. The existing pump station structure will be removed &/or demolished & its conduit through the levee will be sealed with concrete.	Neg	11/18/2003
1988042624	Western Gateway Benicia, City of Benicia--Solano The developer proposes to develop parcels totaling approximately 3.4 acres at the intersection of Columbus Parkway and Rose Drive. The project envisions two retail/office buildings each of about 7500 square feet.	NOD

	(RV) storage. As proposed, development would occur in 7 phases & culminate in a 511,775 sq.ft. storage facility. Phase I would entail 149,025 sq.ft. of storage space, some of which would be located along the perimeter of the site, in addition to a 624 sq. ft. office & a 1,353 sq.ft. manager's residence. Project site landscaping & a decorative fountain would also be installed as part of Phase I. Phase 2-7 would range in size from 32,300 sq.ft. to 71,400 sq.ft. & would be utilized for RV storage prior to their development. Storage areas would employ a 2 inch gravel dust binder & include the usage of portable carports & enclosed portable carports. Water supply & sewage disposal would be via private water well & public sewer, respectively. Access would be by a drive approach on Stockdale Highway, which is designated as an "arterial" alignment by the circulation element of the Western Rosedale Specific Plan.		
2003101104	General Plan Amendment #2003-01 / Inyo County (Floor Area Ratio) Inyo County Planning Department --Inyo The County of Inyo is proposing to amend the 2001 Inyo County General Plan Land Use Goal and Policies Report, Section 4.2, to allow for the consideration of an increase in the Floor Area Ratio with a Conditional Use Permit. 2002061139	Aliso Creek Watershed Management Plan Orange County Laguna Woods, Laguna Beach, Laguna Hills, Mission Viejo, ...--Orange To address a range of issues throughout the Aliso Creek watershed, including creek stabilization, flood protection and ecosystem restoration and watershed management plan (ACWMP) has been prepared. The County of Orange is evaluating the potential environmental impacts that may occur with the implementation of the recommendations of the ACWMP.	EIR	12/08/2003
2002061109	Seabreeze Estates Development Lompoc, City of Lompoc--Santa Barbara The project consists of development on two parcels. The northern parcel is proposed to be developed with 216 residential units, consisting of 15 eight-unit apartment buildings and 48 duplexes (96 duplex units). The project includes a request for a General Plan Amendment from the designation of Light Industrial to Medium Density Residential and Community Facility on this portion of the site. Approximately 4.1 acres of the northern parcel, abutting Central Avenue, are proposed for a community park. The northern parcel contains a portion of a wetland area (9.02 acres) that is currently designated for, and proposed to remain as Open Space. The southern parcel is proposed to be developed with 150 single-family residential units on 39.43 acres of land. As with the northern parcel, the southern parcel contains a portion of the wetland area that is designated as Open Space. The current zoning designation on the southern parcel is Single Family Residential (7-R-1) on a minimum of 7,000 square foot lots. The applicant is requesting a change to Single Family Residential, Planned Development (R-1, PD) on this parcel.	FIN

2003101125	Chrome Crankshaft Removal Action Toxic Substances Control, Department of Bell Gardens--Los Angeles The Dept. of Toxic Substances Control (DTSC) is proposing to approve a draft removal action workplan (RAW) pursuant to authority granted under California Health & Safety Code Chapter 6.8, Division 20. The objective of this removal action (RA) is to clean & demolish & remove a building that has been impacted by past chromium plating activities & to clear the site for further study. The RA is necessary to remove the threat posed by the partially decommissioned plating line & residual hexavalent chromium (CrVI) that remains in the building. By conducting the RA, the threat to human health posed by the building will be removed. Potential downward migration of CRVI due to infiltration of surface water through the soil beneath the facility will be limited by re-grading & paving the site for improved surface drainage.	Neg	11/24/2003
2003101126	New Well & Related Infrastructure Project, Alpine Water Users Association Alpine Water Users Association --San Bernardino The proposed Alpine Water Users Association (AWUA) project consists of the installation of a new well & related infrastructure producing an estimated 200-300 gallons per minute (gpm) of potable water to meet the requirements of AWUA's existing service area. Well development will be conducted immediately after the drilling operation has been completed. The estimated discharge from the pumping evaluation will be 200-300 gpm of nearly clarified effluent. The well water will be tested for those constituents required by the State of California Dept. of Health Services, including minerals & organic pollutants. The water quality must meet primary & secondary drinking water standards before being put into service as a domestic well. Distribution pipeline placement & connection from the discharge head to pressure zone 1 will require crossing a mainline sewer & drainage culvert, totalling 700 feet. Placement & alignment will follow an existing easement of the existing roadway from the project site to the existing infrastructure located adjacent to SR 189. The well will be housed in a small wooden building of approximately 200 square feet. It is estimated that less than 0.5 acre of land on the project site are expected to be disturbed by these activities.	Neg	11/24/2003

	of nine buildings totaling approximately 365,000 square feet of space, parking, landscaping, and associated site improvements.		
2003101141	Gables at East Village Residential Project Oxnard, City of Oxnard--Ventura The proposed project involves the development of 324 multiple family residential units on approximately 15.31 acres.	NOP	12/01/2003
2003101142	Dana Point Harbor Revitalization Project Orange County Dana Point--Orange The key elements of the Project include updating the existing jurisdictional documentation covering land usage, resource protection and development regulations in the Harbor as well as to address the actual construction of improvements in the landslide areas throughout the Harbor. Under separate Coastal Development Permits to be issued by the California Coastal Commission, work will be performed to reconfigure and/or reconstruct the marina docks and seawall, to relocated boater slips. In support of the improvements being made as part of the project, the relocation and/or replacement of a number of the wet and dry utility systems (water, sewer, electrical, telephone, cable, etc.) are included as part of the project. All new utility systems will be designed, located and sized according to current regulatory and utility service provider standards.	NOP	12/01/2003
2003101150	La Loma Bridge Rehabilitation Project Pasadena, City of Pasadena--Los Angeles The Public Works Department of the City of Pasadena, in cooperation with Caltrans and the Federal Highway Administration (FHWA), is proposing to improve the existing La Loma Bridge to meet current seismic codes and standards. The 378-foot long reinforced concrete bridge was built in 1914 over the Arroyo Seco, a major tributary to the Los Angeles River.	NOP	12/01/2003
2003102139	Capay Hills Golf Club Yolo County Planning & Public Works Department --Yolo The proposed project site consists of approximately 300 acres of the former Schilling Ranch property, which includes approximately 216 acres, owned by Rumsey Rancheria, and an additional 83.5 acres, which is held in federal trust for the Rumsey Band of Wintun Indians. The project would include the construction of a championship 18-hole golf course, a driving range, a decorative waterfall, a golf clubhouse, a golf cart barn, a comfort station, an associated maintenance building, two ponds, and the golf course irrigation system.	NOP	12/01/2003
2003102140	City of Santa Cruz Integrated Water Plan Santa Cruz, City of Santa Cruz--Santa Cruz The City prepared an Integrated Water Plan (IWP) (June 2003) that addresses the current / future drought-related crises as well as long-term water supply needs (through 2020). The purpose of the IWP is to help the City to reduce near-term drought year shortages, and provide a reliable supply that meets long-term needs while ensuring protection of public health and safety. The IW recommends desalination as a viable water supply alternative for further evaluation, along with conservation and curtailment components.	NOP	12/01/2003

1988110816	Sunnyvale Downtown Improvement Program Update Sunnyvale, City of Sunnyvale--Santa Clara On June 17, 2003, the Downtown Improvement Program Update EIR was certified. This project contained four primary components: 1) Adoption of amendments to the General Plan; 2) Adoption of amendments to the Zoning Code; 3) Adoption of amendments to the Downtown Specific Plan; 4) Adoption of amendments to the Sunnyvale Downtown Redevelopment Plan. At the time of EIR certification Council directed staff to prepare the appropriate amendments to the DSP and Zoning. The Specific Plan contains goals and policies, development standards, and infrastructure improvements for the project area. The Zoning amendments reflect these updated development standards and permitted land uses. These amendments are consistent with the project described in the Downtown Improvement Program Updated EIR and were approved by Council on October 14, 2003.	NOD	
1994112056	Adoption of the Promontory Specific Plan El Dorado County Culverting a seasonal unnamed tributary at 4 crossing sites per plans: two 60" x 120' culverts; one 36" x 145' culvert and one 42" x 145' culvert; one 48" x 170' culvert; one 48" x 90' culvert.	NOD
